Suvarna

Healthcare technology simplified with a trusted partner

About Us

Incepted in 1999, Suvarna Technosoft Pvt. Ltd. is the leading provider of innovative technology enabled solutions for hospitals, diagnostic centres, medical colleges and other healthcare touch points. We are one of the few IT companies to design and develop products exclusively for the healthcare domain. We continue to focus our energies in providing superior solutions for all the healthcare touch points.
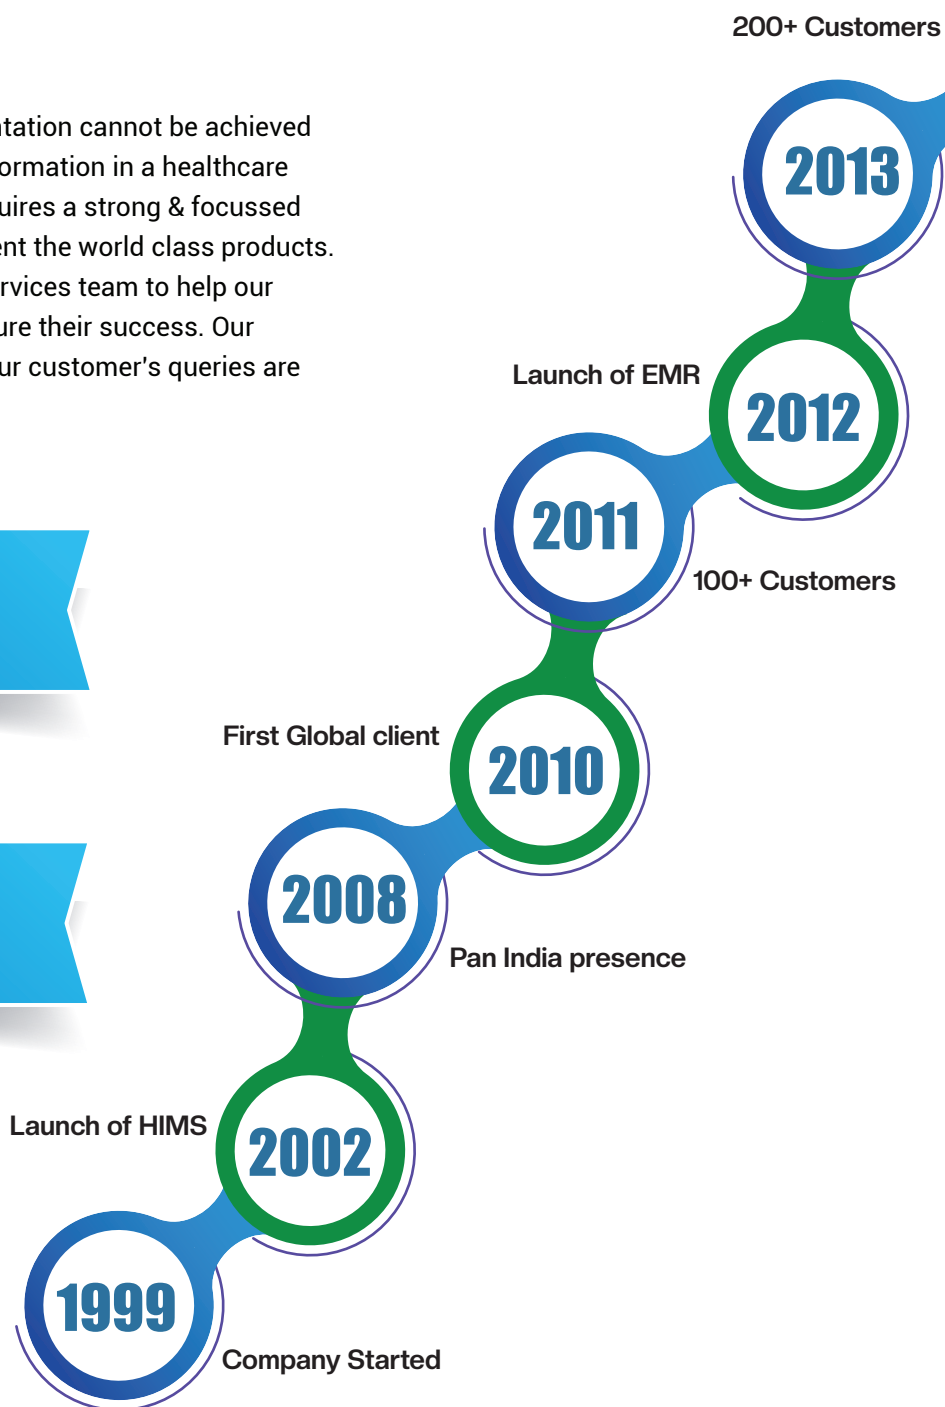

Our intuitively designed products automates the administrative and clinical operations of healthcare organizations of all sizes. Our innovative solutions enables decision making by streamlining the processes, procedures, and workflows of the healthcare organizations. Our customers have been able to meet all the healthcare standards & compliances leading to successful accreditation's like JCI, NABH, NABL etc.

Services

We firmly believe that a successful implementation cannot be achieved by world class products alone. Digital transformation in a healthcare facility with complex & unique workflows requires a strong & focussed team of implementation experts to compliment the world class products. We at Suvarna have built a strong support services team to help our customers in their implementation and enusure their success. Our dedicated 24X7 support team ensures that our customer's queries are answered in a time bound manner.

Enabling care providers who deliver the best patient care

Our customer

Our philosophy of attention to detail & quality has given us an opportunity to work with the best healthcare providers globally. Our clients implicitly trust us and consider us as their trusted partner in their digital transformation.

In the 2 decades of our journey, we have worked with 1000+ healthcare providers of all sizes. Today we are proud to say that we are here because of our clients and they are our brand ambassadors

Our clients include nursing homes, small hospitals, multi specialty hospitals, corporate hospital chains, medical colleges, standalone labs, multi-city diagnostic chains, pharmacy outlets etc.

Voice Of Customer

KIMS HOSPITALS

" Our experience with Suvarna was extremely professional and systematic. We were amazed with their attention to detail and dedication to deliver the best customer experience for us on all fronts
Dr.B.Bhaskar Rao - MD and CEO

Indus Hospitals

" We were confident that all our expectations would be met and Suvarna has exceed them in every aspect to our complete satisfaction. We are happy to have a partner like Suvarna for our Healthcare Software requirements
Dr. V .Satyanaryana - Founder and Chairman

PRASAD HOSPITAL

" We would highly recommend their services to any Medicare facility or hospital looking for enhancing efficiency and improving patient satisfaction
Dr. D.Anjaneya Prasad - MD

Omega Hospitals

We got a customized healthcare IT solution that has exceeded our expectations and was implemented in a record time of 2 days.
Mr. P. Sridhar, CEO

SUNSHINE HOSPITALS

Wehave replaced old HIS with Suvarna-HIS. Suvarna handled every aspect of the software implementation in a seamless and efficient manner. We would highly recommend such a professional firm to any prospective customers who are looking for healthcare software
Dr. A. V. Gurava Reddy, managing Director, Sunshine Hospitals

MEDICOVER HOSPITALS

We have been using Suvarna EMR along with mobile apps across our 16 units for the past 3 years. The software centralizes and the communications, which helps in streamlining the workflows. We are happy that we picked the right partner and software.
Praveen Gummadi - EMR-IT Team

Aayush HOSPITALS

We have been using Suvarna EMR and mobile applications from the past 3 years. The software centralizes communication, which is essential for maintaining the orderly flow of our daily activities. We are happy that we picked the right software for our hospital operations. I would highly recommend using Suvarna EMR.
Team Aayush
